

ECC-PT1: Active Correspondence Groups* between January and May 2011

TITLE	SWG	Rapporteur	Topics to address	Deadline	Working method
3,5 GHz issues	A	Michael Kraemer, E-Plus Mobilfunk michael.kraemer@eplus-gruppe.de	2 main topics: 1) topics to support the finalisation of the ECC Decision for a frequency arrangement at 3,5 GHz 2) BEM/LRTC at 3,5 GHz, relationship with ECC Decision 07(02), definition of MCFN/BWA/FWA and the relationship between them see document ECC PT1(11)050 Annex 05	1) ECC PT1 May 2011 2) less critical to be finalised in May 2011	ECO Forum, ECC PT1 area, SWG-A Mailing list managed by the rapporteur A physical meeting might be arranged if necessary
Cross border coordination	C	Robert Cooper, T-Mobile (UK) robert.cooper@telekom.com	To Update ECC Recommendation (08)02 so that this Recommendation could be applicable to LTE /WiMAX See draft minutes section 7.2.1.6	ECC PT1 May 2011	ECO forum, ECC PT1 area, SWG-C Web-meeting (GoToMeeting) will be scheduled for March/April 2011
Feedback from the implementation of BEM at 2,6 GHz and 3,5 GHz	C	Jaime Afonso, Portugal jaim.afonso@anacom.pt	To analyse the lessons learned from the current practical experience with the least restrictive technical conditions (LRTC) in the 3.5 GHz and 2.6 GHz bands and, if possible, to propose possible next steps in relation with requests from ECC As part of this task, to finalise the liaison statement to ETSI/TFES ECC PT1(11)50 Annex 13 See draft minutes section 7.2.2	ECC PT1 May 2011	ECO forum, ECC PT1 area, SWG-C Web-meeting (GoToMeeting) will be scheduled for March/April 2011
IMT-Radar at 2,7 GHz	C	Sverker Magnusson, Ericsson sverker.magnusson@ericsson.com	Further refine the comments from ECC PT1 on the draft ECC Report developed by SE21 and send them comments to SE21 See draft minutes section 7.2.7	Doc to be finalised on Feb 4 th 2011 Approval process until Feb 10 th 2011	ECO Meeting Document Server, ECC PT1 area, folder "38 Biel-Bienne, May 2011" –> "TEMP for CG activities" –> "Radars vs mobile at 2.7 GHz 2011" Mailing list managed by the rapporteur
Future mobile broadband	D	Rauno Ruismaki, Nokia rauno.ruismaki@nokia.com	Finalize the ECC PT1 information document summarizing the results of the ECC PT1 questionnaire on mobile broadband See draft minutes section 7.3.2	ECC PT1 May 2011	ECO forum, ECC PT1 area, SWG-D

* In order to subscribe to the mailing list (if applicable) of a particular CG, a request should be sent to its rapporteur. CGs working only in the ECO Forum may not have mailing lists. Please refer to the Guidelines on the [ECO Forum](#) to find out how to use it.
